

# Patrick Garner's History's Alive!

Theatreworks USA is proud to present great figures from American history, alive and in person at your school! Broadway theatre veteran Patrick Garner engages your students in several exciting, hands-on, motivational programs.

## Lewis & Clark

### A Celebration of American Teamwork

A great American voyage of discovery comes to life in this thrilling interactive production. Your students take on the roles of Lewis and Clark, as well as their Native American guide Sacagawea, the Corps of Discovery and many others as they explore the newly acquired Louisiana Purchase.

A once-in-a-lifetime opportunity to experience the hair breath escapes, chance reunions, ferocious animals, and scenic majesty of Lewis & Clark's two-and-a-half year-long adventure (all in 45 minutes!) Along the way, they'll have so much fun that they won't realize all the lessons they're learning about history, science, character development and teamwork.

## Thomas Edison

### Inventor, Lecturer & Prankster

The greatest inventor of all time, live and in-person! One of America's most remarkable minds, Thomas Alva Edison engages your students as they help him recreate some of his most famous experiments.

Along the way, Edison shares several secrets that students can utilize in their day-to-day lives: the value of hard work, the value of mistakes, the value of turning liabilities into assets, and the value of enjoying one's work.
