Set up time: 90 minutes Strike time: 60 minutes

### **FAMILY PERFORMANCE:**

The purpose of a family concert with Johnny the K is for the interaction of the audience with John's music. For the audience to benefit fully from his performance, the following suggestions are offered: In addition to the requirements listed above, we ask that children sit with their parents throughout the performance. (This is for the benefit of the parents as much as the children in experiencing a true sense of family sharing). John will be happy to meet the children and sign autographs following a family performance.

Thank you for your cooperation.
